

Verse 1:

Em C
This tree bears strange fruit
G D/F# - D#
There's blood on the leaves, it's dead at the roots
The cracked grey branches are decaying within
Just like the black poison that hangs from it's limbs

Pre-Chorus:

Em C G D/F#
Come and dig me up, reach down to the roots
Em C G D/F# **G (start chorus)**
Rip the deadness out, and plant something new

1/2 Chorus:

G Em C
I am alive, I will abide
Em C G
In the life giving blood of Christ

Verse 2:

I tried to tie good fruit
To a tree that had poison all the way through
It rotted and fell off, it was dead at the core
It even killed the ground, I was worse than before

Pre-Chorus (1x)

Chorus:

G Em C
I am alive, I will abide
Em C G
In the life giving blood of Christ
Em C
I'm grafted in, You've killed my sin
Em C G G
Now I can live, I'll live in him

Em C G D/F#
Come and dig me up, reach down to the roots
Em C G D/F# - D#
Rip the deadness out..
